Error Prone Applications	Annual	Error prone applications are those applications where income falls between the income eligibility limits and \$1200 of the income eligibility limits for Yearly.																				
	Monthly	Error prone applications are those applications where income falls between the income eligibility limits and \$100 of the income eligibility limits for Monthly.																				
	Twice Per Month	Error prone applications are those applications where income falls between the income eligibility limits and \$50 of the income eligibility limits for Twice per Month. Calculated using \$1200/24 payments, round to the nearest whole dollar with standard rounding rules.																				
	Every 2 Weeks	Error prone applications are those applications where income falls between the income eligibility limits and \$46 of the income eligibility limits for Every 2 weeks. Calculated using \$1200/26 payments, round to the nearest whole dollar with standard rounding rules.																				
	Weekly	Error prone applications are those applications where income falls between the income eligibility limits and \$23 of the income eligibility limits for Weekly. Calculated using \$1200/52 payments, round to the nearest whole dollar with standard rounding rules.																				

Household Size	Annual Error Prone	Annual	Monthly Error Prone	Monthly	Twice-Monthly Error Prone	Twice-Monthly	Bi-weekly Error Prone	Bi-weekly	Weekly Error Prone	Weekly
----------------	--------------------	--------	---------------------	---------	---------------------------	---------------	-----------------------	-----------	--------------------	--------

If income falls between the two corresponding frequency columns the application is error prone.

**Error Prone and Non Error Prone Examples**

**Example 1:**  
Application income listed is \$43,285 annually for a household size of 3. This household is eligible for reduced-price meals. This application is not error prone. The income falls outside of the error prone range of \$48,103 to \$49,303.

**Example 2:**  
Application income listed is \$33,510 annually for a household size of 3. This household is eligible for free meals. This application is error prone. The income falls within the error prone range of \$33,445 to \$34,645.
