- Thank you SO MUCH for the folders! That saved me tons of money! I really appreciate all that you do for our school!
- Thank you for all of the work you put into making our folders! They are so cute!
- Thank you so much for the folders you provided! We love them!

- Thanks for such nice folders for our students and the time you spent working in them. Your effort is much appreciated!
- Thank you so much for the folders! That was definitely a labor of love and I want you to know that it didn't go unnoticed, and that it was so appreciated. The amount of time spent creating a school's worth of take home folders must have been astronomical. Thank you so so much.

\*\*Let teachers know earlier for next year so the teachers don't purchase their own folders.
