

SAC Meeting Agenda

October 21, 2025

Halloween Carnival - planning on 1,300

- Cotton Candy - Monica's house October 30 (Thursday) @ 10am
 - 842 N Alta View Dr Saratoga Springs
- Bagging popcorn - October 31 (Friday) @ 10 am
- Capris Suns - need 33 boxes of 40 (\$15.49 per box) **Kim was good with this, assuming the funds are there. We need to text the group to see who can get them**
 - this replaces the snow cones

Post Halloween - Fizz gift cards for team leads for their help. Team leads can get drinks for the team. **Kim is also good with this. We didn't discuss an amount so I think that's up to you. Based on her not knowing about funds for the capri suns, I didn't even ask her.**

Veterans Day - two assemblies instead of one. 8:30-9:15=K-4th , 9:45-10:30= 5-9th . SAC members run a little refreshment break in MPR between assemblies. November 11th (TUE)

- Kim will get the refreshments & use a different fund
- Leis from leftover candy
 - made by peer tutors & student council

They would love 2-3 people to help set up between assemblies. I don't think we'd need to be there before 9

Fundraiser: \$22,721

- Jog-a-thon= \$10,661
- Dress down day = \$12,060
- Prizes? Earned game day in the classroom, two bonus dress down days, school sticker and pen/highlighter.
 - Did not earn Bounce house day or popsicles. Thoughts?
 - Sell Decals/Water Bottle stickers
 - Possibly earn it with the canned food drive

A few ideas: we could put a blast in the newsletter saying we're however far away from our goal if people still want to donate - if we do this, is the QR code still good?

Or we can order stickers (for water bottles or whatever) or decals from the place Leianne worked with for the folders - we have a \$60 credit - and sell them. We can sell at the front desk with a QR code to pay. And even have them at the book fair. We just need to make sure it goes to the right account.

We could have a student art contest to come up with the design for stickers/decals.

We could say we need to get a certain amount of donations during the food drive in the spring to make what we didn't make in order for the kids to earn the popsicles. They want the kids to earn it somehow.

Future costs:

- Teacher appreciation meal (about \$2,500 for Wallabys) (not including GF, desserts, etc \$435)
- Teacher appreciation gifts (\$1500)
- Book fair miscellaneous items
- Sunshine gifts (\$1,200? For the whole year)
- Bounce House day (\$2,829.55)
- Pens/ highlighters (\$495) and stickers (\$
- Capri Suns - need 33 boxes (\$515)
- Middle School Christmas Cookies **Jessi said these are usually around \$200**
 - Christmas Carol Riddles (\$200)
- Sunshine SAC member - someone who can organize and put in effect small gifts/ activities once a term for staff. **Mallory would rather be someone who fills gaps rather than the sunshine member. No one could think of any other places. Arin started reading what we used to do and I tried to get off that quickly.???? Kim said those have all gone to different people 😊**
- Would like to do one for Christmas (last year we gifted teachers expo markers)
