

PODER Academy Schools Achieve Outstanding WY-TOPP Results – Surpassing District and State Averages

Cheyenne, WY — [8/28/2025] – PODER Academy and PODER Academy Secondary School are proud to announce exceptional performance results on the Wyoming Test of Proficiency and Progress (WY-TOPP), with student achievement well above both district and state averages across all grade levels.

Nearly half of all PODER Academy and PODER Academy Secondary School students scored at the “Advanced” level in both science and reading, while over half achieved “Advanced” in mathematics – a remarkable accomplishment that underscores the schools’ commitment to academic excellence and rigorous instruction.

At PODER Academy, 89% of all students scored proficiency or advanced on the science test. 90% of all students scored proficiency or advanced on the math test. 93% of all students scored proficiency or advanced on the ELA test with their 6th grade class scoring 100% proficiency.

At PODER Academy Secondary School, 76.5% of all students scored proficiency or advanced on the science test. 80.5% of all students scored proficiency or advanced on the math test. 87.5% of all students scored proficiency or advanced on the ELA test.

“These results are a testament to the incredible dedication of our teachers, the resilience and hard work of our students, and the supportive partnership with our families,” said the schools administration team. “We are extremely proud of the achievements of our entire school community.”

Marcos Martinez, the schools’ CEO and founders, had this to say, “I couldn’t be more proud of our students, families, and staff and what they have accomplished not only this year but over the past 13 years since we started PODER Academy. This is the high standard we set from the beginning and we continue to not only reach it but pass it.”

PODER Academy and PODER Academy Secondary School continue to uphold a strong culture of high expectations and academic rigor. The latest WY-TOPP results reflect the schools’ mission to provide a transformative education that prepares students for lifelong success.

Now Enrolling!
