

Administrative Procedures Toilet Training

These procedures are established in accordance with the Toilet Training Policy established by the School's Board of Directors.

Students Who are not Toilet Trained

In the event a student seeking to enroll in the School is not toilet trained, or if a student who is already enrolled in the School is found to not be toilet trained, the School shall:

- (a) consider whether the student's lack of toilet toileting may be a sign of a disability that could impact the student's education, including by conducting an initial evaluation consistent with the School's child find obligations, if appropriate; and
- (b) determine whether the student is not able to be toilet trained because of a disability that is described in the student's IEP or Section 504 plan.

The School may, consistent with its lottery and enrollment policies, enroll a new student or maintain the enrollment of an existing student who is found to not be toilet trained if the School determines that the student is not able to be toilet trained because of a suspected disability that is subject to federal child find requirements or that is described in an IEP or Section 504 plan.

However, if the School determines that neither of these exceptions apply with respect to the student, the School shall:

- (a) in the case of a student seeking to enroll in the School, not enroll the student in the School; and
- (b) in the case of a student who is already enrolled in the School, unenroll the student from the School.
