

Dear Parents,

Here is the work for our Virtual Learning Day. Please help your student complete assignments.

Instructions for Logging in to Canvas

1. Go to hawthornacademy.org
2. Hover over the Clever icon (it looks like this:
3. Click Clever
4. Select "Login with Google"
5. Click

 Use another account

6. Enter your student's username:
firstname.lastname (no spaces) followed by @hawthornstudent.org
Example: *emily.smith@hawthornstudent.org*
Password:12341234

Accessing iready and imagine learning

1. Once logged in, locate and click the iready icon.
2. This will take them to their lessons they need to work for 15 minutes
3. Once they finish that they will click on the Imagine Learning icon.
4. They will work on this for 20 minutes.

Assignments for the day

1. The assignments are attached, scroll down to see all assignments for today.
2. You can either print the assignments or students can write their answers on a separate piece of paper and turn that in to their teacher when we return to school. Or you can email a picture to the teacher.

Thank you for your support in helping your student succeed on our virtual learning day!

Habitat Destruction

Cross-Curricular Focus: Life Science

Humans are the leading cause of plants and animals becoming endangered or extinct. An endangered species has so few members that the species may die out. Unless something is done to protect an endangered species, they will be gone forever. We will not have any more of that kind of plant or animal on Earth.

The most dangerous thing humans do to endangered animals is **destroy** their habitats. This is usually because we do not pay very close attention. When there is an area of land we want to use, we don't notice what is already living there.

Thousands of acres of tropical **forest**, or rainforest, have been destroyed by humans. People wanted the land and lumber for building projects. Countless plants and animals have been lost in this one habitat alone. Many of the organisms that live in the tropical rainforest do not live anywhere else. We are just beginning to discover medicines and other resources there. We risk losing that knowledge if more species die out.

Most of us don't live near a tropical rainforest. However, that does not mean we are far away from habitat destruction. When a town expands, more houses and businesses are built. The town pushes the local wildlife farther from its natural habitat. **Wetlands** and **grasslands** are unique habitats that are especially at risk. Thankfully, people are more aware of the problem. This is the first step toward protecting habitats.

Name: _____

Answer the following questions based on the reading passage. Don't forget to go back to the passage whenever necessary to find or confirm your answers.

1) Why are so many plants and animals endangered?

2) What do we risk losing in addition to plants and animals if we continue to destroy rainforests?

3) What happens when towns want to expand onto more land?

4) What kinds of habitat are especially at risk?

5) How can we help prevent more habitat destruction?

Round numbers to the nearest 10 or 100

Grade 3 Rounding Worksheet

Example: 4,689 rounded to the nearest 1,000 is 5,000

Round to the accuracy of the underlined digit.

1. 4,329 = _____ 2. 8,855 = _____ 3. 715 = _____

4. 8,567 = _____ 5. 2,815 = _____ 6. 3,881 = _____

7. 1,933 = _____ 8. 581 = _____ 9. 2,352 = _____

10. 7,692 = _____ 11. 973 = _____ 12. 5,312 = _____

13. 8,245 = _____ 14. 611 = _____ 15. 3,406 = _____

16. 4,680 = _____ 17. 7,156 = _____ 18. 5,661 = _____

19. 9,602 = _____ 20. 627 = _____ 21. 7,406 = _____
