

June 2026

Dear Parents and Guardians,

As we prepare for a successful start to the 2026–2027 school year, all students are required to complete a Summer Learning Packet. These packets are designed to help students maintain and strengthen the skills they learned throughout the school year and ensure they are ready for the academic expectations of the upcoming grade level.

Summer Packet Expectations

- **Completion of the Summer Learning Packet is mandatory for all students.**
- **Packets are due no later than Friday, August 28, 2026.**
- The Summer Learning Packet will be entered as the **first grade of the school year** under the Classwork Category.
- Students may submit completed packets **as early as the first day of school.**

Packet Distribution

Summer packets will be sent home with students this week. Please be sure to check your child's bookbag for their packet.

For your convenience, a digital copy of the packet will also be available online. Families may access, download, and print additional copies as needed throughout the summer.

We encourage students to work on their packets consistently throughout the summer rather than waiting until the last week before school begins. Regular practice helps students retain important skills and start the school year with confidence.

Thank you for your partnership in supporting your child's academic success. We wish you and your family a safe, enjoyable, and productive summer break.

Sincerely,

NACS Administration
